

Overview of Konshin Kai (Small Group)

Konshin Kai, meaning “friendly reunion”, is a social group comprised of Japanese Canadian seniors who are primarily the group's founding members. We have been together since the 1960s and have much history together. This group is predominantly survivors who meet twice per month to socialize, share traditional foods, and do activities. Some of these activities include: watching Japanese movies, playing hanafuda, going on outings, and occasionally having guest speakers.
