

ABOUT US

On May 21, 2022, the British Columbia (BC) Government acknowledged its role in the historical wrongs perpetuated against 22,000 Japanese Canadians during the 1940s and made a pledge to support a \$100 million legacy initiatives package developed and recommended by the National Association of Japanese Canadians BC Redress Project (2019-2022).

The Japanese Canadian Legacies Society (JCLS) was created to implement the framework of initiatives developed under six pillars: Education, Anti-racism, Monument, Heritage Preservation, Community & Culture, and Seniors Health & Wellness. (www.jclegacies.com)

The Japanese Canadian Survivors Health & Wellness Fund Society operates the key program in the Seniors Health & Wellness pillar, created to develop and distribute health support grants to Japanese Canadian Survivors impacted by the actions of the BC Government between 1942-1949.

WHO IS A SURVIVOR?

A living person of Japanese descent born before April 1, 1949 who was directly impacted by BC Government actions in the 1940s. Survivors include persons who were not displaced but were living in BC, and persons who, after their families left BC, were born prior to April 1, 1949, which was the day Japanese Canadians were given full voting rights and the legal restrictions used to control the movement of Japanese Canadians were removed.
